

*Greetings from Panther Coffee!*

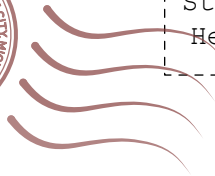

*Our vision is to source, roast, and prepare some of the finest coffees in the world in a transaction that is mutually beneficial to all, from seed to cup.*

*In 2020, we successfully brought this vision home to Traverse City, Michigan. The barn neighboring a late 19th-century schoolhouse was renovated to house our expanding specialty coffee roasting program, established in Miami in 2009.*

*Panther Coffee now better serves Northern Michigan with freshly-roasted, directly traded coffees.*
